"Starting churches and training preachers in the Dominican Republic"

Beloved Brothers,

June – August 2017

May the grace of our Lord Jesus Christ be poured out upon each of you abundantly. On this occasion, I wish to express my deepest gratitude with all my heart to all those who prayed with fervor for us during the passing of the Hurricanes Irma and Mary through the Caribbean. Several islands, such as Antigua, Barbuda, Dominican Republic, Saint Martin, Caicos, Puerto Rico, Cuba, and others, were destroyed by these phenomena. Dozens of dead continue to appear in these places, including the Dominican Republic. Many people lost their homes, and there are cities literally under water. Please pray for all of the Caribbean. I believe that God is calling the people to repent. Thank you for always praying for us.

Testimony of Vicente's Salvation

Vicente is a lame man, who is mute and also has a crippled arm. Despite this, he is the hardest-working man I have ever known. With only one hand, he is able to garden, wash cars, fill propane tanks, and do any other decent job to earn money. The most surprising thing for me was to know that even though he is mute, he can hear perfectly. As soon as we knew this, we talked to him about Christ, and he was saved. When Vicente comes to church, the whole community glorifies God because they are accustomed to seeing him in work clothes, but on Sundays, he puts on his best regalia to congregate. His baptism was of great joy to all who know him. Despite the fact that he cannot speak, his life is a great testimony to the power of God.

Sister Mercedes' Testimony

Sister Mercedes suffered a stroke. As result of the stroke, she is crippled and can hardly walk or speak. When I met her, I confess that the Spirit of God put a great compassion for her in my heart, so I presented the Gospel to her. She willingly accepted the Lord. My great desire was to baptize her, but in her condition, it was very difficult to enter her into the baptistery. We put in much prayer over this. Now she walks better, is in all services, and of those who were baptized in the last baptism, she was one of them. **God is good.**

Amen!

Testimony That God Answers Prayers

My wife was sent to Plaza de la Salud Hospital because of three nodules related to a thyroid problem. Another sister named Xiomara had the same problem. The doctors said that they believed because of the size of the nodules, they could be cancerous. The sonography revealed serious problems, so they urgently determined to do a biopsy to know if both had cancer or not. We as a church
