## Armenia

God has blessed the last few months. Mid-July we held a two week church camp at Lake Sevan. Of those in attendance, 90% has never before been in church or camp. What a blessing it was to minister to these young people. Just within the last few months, we have seen over 50 souls come to the Lord! Usually after camp we do not see much of these young people. We try to visit them and their families, but are turned away by the parents. However, this year we have seen a complete change!

Every Saturday afternoon we have a youth service. One of our national men would call every young person and invite them to come. We would usually have around ten young people show up. After camp this year we are seeing an excitement and now we are seeing an average of 40-50 young people show up for Saturday and Sunday afternoon services! I pray this continues.

September we have three national men that will be teaching in our Bible Institute. Thirty students have already signed up for the class. They will be teaching one module class one night per week for 4-6 weeks. After this class is finished we will meet together and talk about the institute and the steps that follow.

Please continue to pray for this national church and the church plant in Vandazor. There is still much growing that needs to happen within the people of the church.

## India

I have talked with Brother Naik in Odisha, India. The landlord of the room he had rented for his church asked him to leave! For two months the church had no place to meet and worship. They did their best to find a place outside to gather and have their church services. A month ago I received another message saying they have found another small room to meet in. **They will be having church services at three different times and in three different languages!** We just praise the Lord for this answered prayer. They are sharing this building with another church. Meanwhile, we have been looking for some land where we can construct a building of our own and hold Bible Institute classes. Brother Naik found approximately three acres that will cost about \$15,000. This purchase would give the church property in which to start the construction. Also, with this purchase would come the liberty to minister more freely and do what needs done.

**Special Note:** with your support we now have Bible Material being translated into four different languages! Armenian, Hindi, Odiya, and Persian. Some of the Bible Material that Bro. Schredder is working with is already translated into Spanish. We Praise the Lord for the work that HE has provided. Please pray for Bro. Yoder and Pastor Slabaugh as they prepare for their trip into the Philippines in October. Thank you for your continued support!

Grace and I returned to the United States on September 5th to rejoin Anne and the boys. Please continue to pray for our family. Anne is still losing weight and is still trying to recover her health. After much council with our Pastor, we have decided to establish residency in the states and I will travel back and forth as needed. Anne, because of her health, is unable to live on the field at this time.

I have several trips scheduled for next year in which we will continue the translation work, Bible Institutes and leadership programs.

We appreciate your continued prayers for her health and our entire family.

Until Christ Returns,  
The Moreland Family
