

May & June, 2017

Picking up from our previous letter. “Tha’r hitched!” Our daughter, Christina, and Enrique got married in April. It really was amazing in many ways. They both have waited on the Lord for years to find the right person.

Most of those who attended the ceremony and reception walked away commenting, “God was glorified in that wedding. It was so neat.” Psalm 37:4 tells us that God delights in those that delight in Him by giving them their desires. It is marvelous that such a good

God gives us the desires of our heart.

Robin and I have experienced so many times God's goodness to us. Our other daughter and her husband gave us at Christmas some money to do a special vacation this year being that we both turn 60 years old.

We took that vacation last month, and God gave us many times the desires of hearts even when circumstances were totally out of our control. Wish there was space to give you the details. He is such a fountain of blessing!

A major desire we have is to be used of Him. Our ministry of conferences and pastoral training continue. We had a conference in Guadalajara, Mexico, the first week of May. The first week of June

was a conference in Ontario, California, usually very well attended. Ezequiel Salazar and his wife are such a good hosts. Next week our conference will be at the home base in Bartlett, Illinois. We look forward to being a part of that conference each year. Pray for safety in travel. Then in July, Fires will be conducting a conference in Santo Domingo, Dominican Republic.

There is a pressing desire to expand our ministry. Fires of Evangelism has a Bible institute called Instituto Fuegos de Evangelismo. We want to extend this training ministry to a more global reach by developing the structure and curricula for internet access. I am very involved in this. Lord willing, we will be involving our home church to help to digitize materials. Please pray for God to supply the knowledge, wisdom, connections, and other resources to make this a reality for His glory and the furtherance of the gospel.

God has used you folks to be a blessing to us. THANK YOU!!! Please continue to pray for us and our children to be a blessing to our precious LORD and fulfill His perfect will.

Victor & Robin Rouse
