

Dear Co-Laborers,

Pastor Jose Quinteros finally has a new motorcycle to help him better minister the gospel to many small towns around the city of Aiquile. The gospel never has been preached in most of these very small towns and the people are very open to receive God's Word. Many times pastor Jose has spent the night out on the road walking between these towns with no public transportation and finally having to sleep along the roadside and continue his walk many miles home in the morning. We thank the Lord and the brothers who have given sacrificially so that Pastor Jose can now get from town to town much easier and safer. *Romans 10:15 "How beautiful are the feet of those that preach the gospel..."*

Pastor Jose has had 4 pacemakers implanted in the last 25 years and it's very likely that he will need another one soon. Please pray concerning this need.

On February 10th -12th once again we had our annual Carnival Family Conference in the town of Samaipata. We gathered with the church families to fellowship around the most precious person, our Lord Jesus Christ, while the world was involved with the pagan holiday of "Carnival".

On March 29th we were greatly blessed and encouraged thru a home meeting in the home of Esteban Morales and Leocadia Sibauti from the Roca de Horeb Baptist Church where formally Pastor Jose Quinteros had served. This couple have 12 children, 25 grandchildren and 6 great grandchildren most of which were present that

night. Many of the members of this family live in little wood hut rooms all on the same lot. Including the believers from the Tierras Nuevas Baptist Church, there were more than 60 believers singing, praying and sharing the Word that evening. What a marvelous experience enjoying precious fellowship around our Lord Jesus Christ. Many young people that night gave testimonies of their desire to seek the Lord and get more involved in church. We hope to return to this home soon and continue to encourage this family and the many young people in their walk with our Lord.

April 6th I had the privilege of sharing the Word in the 56th Anniversary celebration of the Maranatha Baptist Church in Samaipata. This is the church that was founded by my parents and for more than 40 years was the central church where they worked out of to many outlying villages where churches have also been established in their ministry.

Our family continues to grow; our son Daniel and daughter-in-law Rebeca are expecting their second baby (our third grandchild) in the fall.

Yours for souls,

Dan & Amparito Brooks
