

Merry Christmas!

November & December, 2018

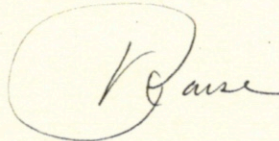

The end of 2018 has come. How can we thank God for all that He has done in this year? More people have joined our church here in Oak Ridge where we attend. The Holy Spirit has convicted, empowered and enlightened our lives. Our family has increased with two more grandchildren. We have been used of God. Souls have been saved.

Concerning our ministry of Fires of Evangelism, we could give you just numbers. But that doesn't tell everything. Without a doubt, God is reaping an amazing harvest in the Spanish-speaking world. There were over 3000 saved, more than 1000 pastors & assistant pastors influenced, and over 600 brethren that surrendered to serve the Lord full-time. But, there have been serious devilish attacks as well. Pressures were placed on pastors by disobedient members. Political blow-ups in countries that put a couple of conferences in doubt. Ministry partners have fallen in battle, while others have graduated to glory. Nor should I fail to mention the economic demands pilfering the piggy bank of ministry resources.

Despite all these, we had three more conferences than last year. A Nicaraguan pastor is taking the challenge, because of our conferences, to get the gospel to more people in the Managua area than ever before. We started a conference in a new country, Belice. More pastors were influenced and trained than last year. God gave a pastor from Peru a greater vision for his country and ministry after attending our conference in Ontario, California. His heart was set on fire. In other conferences, I had pastors express to me their hunger to learn more and attempt more for God.

Because of your investment in us and this ministry, you have much fruit abounding to your account (Phil. 4:17). A very special thank you to those who sent us a special Christmas offering. Wow, God has used you to help us have a merrier Christmas and meet some important needs that we had. May God enrich your lives and ministries with His inexhaustible bounty. May you and your family have a very blessed Christmas, and may God fill your New Year with His abounding joy, peace, and wisdom.

Your missionaries to Latin America,

Victor & Robin Rouse
