Dear Pastor Blount & Church Family:

The song that comes to my mind this summer is: "My God is so great, so strong and so mighty; there's nothing my God cannot do." It truly has been an amazing, and busy summer.

As all families know, during the summer months, there are a lot of projects and repairs to be done around the home. My wife has been taking on this task as well as helping her Mom sell her home in northern Michigan. My Mother-in-law has ovarian cancer and last year lost her husband Jen's father to a stroke. We were able with the Lord's help get all of our repairs, projects and a home ready to sell. Family played a big role in getting it accomplished, and we have been blessed.

While my family was busy I was also indeed busy! I spent almost the entire month of July in Virginia and Maryland. July 5th-10th I preached revival services in Winchester, Virginia. We were able to see one soul come to Christ and people who have not been in church for a while come back and get involved. I then travelled to Annapolis, Maryland. There I was able to preach at one of my supporting churches and encourage this great man of God. Pastor Herman is in his early 80's and we battled Satan and the summer heat of Maryland. I recently spoke with Pastor Herman and he has had a man from the Bowie area come and worship with him since our services. He was looking for a church and found a tract that I had left on his door. God uses His seed and the sower! I then travelled down to Indian Head, Maryland and preached at Calvary Road Baptist Church. My trip ended in Silver-Spring, Maryland with Sligo Baptist Church. It was truly a blessing to see how the Lord is working and for the month a total of four souls were saved and lives changed because of our Savior. I returned on the 22nd of July and am so glad to be home. A huge thanks to Faith Independent Baptist Church for housing me and being a blessing while in MD!

We are now gearing up for the upcoming school year and up-coming doctor appointments. September will be a busy month, but our God is "great" and there is nothing He cannot do! Thank you for praying and supporting our ministry.

Because of Christ Jesus,
Evangelist Paul Barnes
