#### Course Description for **PERSONAL PROTECTION MATTERS**

This training was developed with the help of law-enforcement professionals—including the FBI and Secret Service; its main focus is deterrence. Missionaries who serve in high crime areas will find this material especially helpful.

The training covers:

- The differences between easy targets and hard targets.
- Securing one's home.
- Personal security in public.
- Terrorism concerns and countermeasures.
- Evacuation strategies in the event of political upheaval.
- Basic disease prevention.

NOTE: This class can benefit groups in your church who will be going on mission-trips to foreign countries, i.e. youth groups, summer teams, construction teams.

*"Building Durable Missionaries  
So They Keep on Going"*

December 2019

Dear Praying Friends:

As the year draws to a close we want to express our gratitude to all of you who support our ministry—with finances and/or faithfully praying for us. We truly want to be effective in training new missionaries so they too can accomplish the mission to which God has called them. Our effectiveness cannot always be easily measured, so the Lord brings special things to our attention to encourage us. A good example is a sermon we recently heard. The message title was God is doing so much more than we think He is. The missionary explained that over a period of years in his own ministry it did not seem like much was being accomplished. At some point though it became apparent that God had been painstakingly at work in specific ways to prepare people and circumstances for something wonderful He was planning to do. Then, God began putting the pieces together, and it was wonderful!

The Lord crossed my path recently with a student who had attended the Personal Protection Matters SMART module (see the sidebar) which I taught at Ambassador Baptist College. He gave me the details how the Lord had opened a door for him to take a mission trip to Africa. I enjoyed hearing him rehearse how the Lord had blessed his service. I especially appreciated his statement that the SMART module had given him some good, practical instruction which helped to keep him safe.

Runda Baptist Church in Nairobi would like you to pray for them as they try to resolve a problem with the title deed for the church property. You can pray specifically for these two things: 1.) For the Lord to lead Pastor Laban to the right people in the Land Bureau who could rectify the problem, and, 2.) That the Lord would bypass anyone in the process who would be expecting a bribe (bribery is a regular threat to proper business procedures in Kenya).

Once again we thank you for your financial support and prayer support for our ministry, we greatly appreciate it! Barbara and I both wish you a Merry Christmas and Happy New Year.

Rejoicing that unto us a Savior was born,

*The Childers*
