

Dear Co-Laborers,

Once again October 18th, Bolivia went to the polls. One year after the October 20th 2019 elections that were marred by a massive fraud from the narco-dictator Evo Morales. It seems that again there has been a much more covert fraud that has allowed the Morales candidate backed by the international drug cartels to return to power. The new president faithful to their communist principals has vowed to take Bolivia down the path of Venezuela and Cuba. This satanic world chaos has many people including many Christians terrified! But we can rest in the knowledge of our sovereign God, who continues to work amongst His chosen people. Parallel to Satan's working amongst His followers at a frenzied rate. He knows that he has little time left before our Lord returns for His Church. It is great to see in our churches so many faithful believers continuing to hold fast to their faith in these perilous times!

We just began this last Sunday transitioning back to normal church services after meeting virtually thru Zoom for almost 8 months! Although in the rural smaller congregations they have been meeting normally for several months now. Hopefully taking into account bio-security measures all will go well. It may take some time before all the church families feel safe enough to meet as before the pandemic. We will continue for some time uploading the services for those who are not quite ready to transition back.

We are working on the final details of getting our Pacemaker Bank up and running again! Although with the return of the former government this might complicate the legal paper work again. This ministry has allowed us not only to save many physical lives but also to share the Gospel with all of these pacemaker recipients. Most of which have opened their hearts to Jesus Christ. It is a joy to share Christ with these people who need more than an extension of their physical life thru a pacemaker. Our greatest need is the eternal life, found in the exclusive source of Jesus Christ our Lord and Savior!

Please continue to pray for my wife Amparito. Her eyesight continues to deteriorate quite rapidly. Hopefully this coming year she will be able to have her cornea transplant in the U.S.

Pastor Jose Quinteros has continued serving our Lord faithfully in the town of Aiquile high in the Andean mountains. Jose is able to circuit ride on his motorcycle to the many surrounding towns around Aiquile. There are small groups of believers in each of these towns that have been won to our Lord by this faithful pastor. He has had 4 pacemakers implanted over many years and will soon need his 5th pacemaker. Hopefully we will be able to provide one thru our pacemaker bank.

The Mount Olives Baptist Church has gone against the current of many churches in these months of pandemic! There are 3 new families that are now meeting with the church family. Several of these family members have been saved. Miguel Galarza and Emilsa a young second generation couple from this church will be getting married in December. Pedro Galarza and wife Nicanora were one of the first couples saved in 1989 the year the church work began. Pedro had eye surgery recently and is now able to read his bible again. They meet in the homes Tuesday evenings, Thursdays for prayer and Sunday morning and evening at the church. It seems the pandemic has not affected these dear believers. We are preparing for their 31st anniversary December 15th.

Thank you once again for being our life-line for the lost souls of Bolivia.

Your servants,

Dan & Amparito Brooks

ABOUT BOLIVIA

Bolivia covers an area of 125,000 square miles, the western third of which is covered by the Andes Mountains, giving Bolivia an elevation range from

361 feet to 21,463 feet, and has a population of 11,000,000. It has one of the lowest per-capita incomes of any nation in the Americas. Rural houses are of adobe or earth construction and facilities are primitive or non-existent.

"To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God..."

Acts 26:18
