"Starting churches and training preachers in the Dominican Republic"

September 2021

Beloved Pastor and Brethren

On this occasion, I want to wish for you that the Lord would grant you much physical and spiritual health in the midst of the spiritual battle that we are fighting and the danger of the COVID-19 virus that we are facing daily. My wife and I want to thank the Lord for the opportunity to communicate with each one of you. Thank you from the bottom of our hearts for always keeping us in your thoughts and for praying for us for so many years.

The last few months, we have seen the Lord making the spiritual life of the church fruitful. Since the beginning of the pandemic, the teenagers and children who were attending church without their parents had not yet returned, **but we have seen how 30 of them have returned with a great desire to serve God. It has been a struggle to convince their parents to give them permission to return, and we have finally had the victory. Praise the Lord!**

We also celebrated Vacation Bible School, which we suspended last year. We had to set a limit to avoid any problems arising. We planned and organized it very well, and it was a success. Several teenagers were saved. **A door has been opened for us to witness in the Atlántida Sports Club. This is the community sports club of our church area, and we have won dozens of them. Several times, a large number of these young people have attended our church. Please pray for them to grow in the faith, be baptized, and consecrate themselves to the Lord.**

Things here in the Dominican Republic have normalized. The government decided to open up the country, which means that this is the first time we have not had a curfew in 18 months. In all things, we know that God is in control and that His coming for His church is near.

Please continue to pray for us, so that the power of God will continue to manifest in our lives, to win more souls with the Gospel of Jesus Christ.

Prayer Requests:

1. New believers
2. Adolescents and children
3. Our health
4. For the brethren who have not returned to congregate after the pandemic

Because Jesus Christ lives,
