*"For of him, and through him,
and to him, are all things:
to whom be glory for ever. Amen"*
Romans 11:36

DO YOU KNOW ABOUT THE SMART CONFERENCE?

For the past seven years our sending church has incorporated the services of SMART as part of their annual mission conference.

They invite us to conduct daytime training sessions for the benefit of missionaries who come to their conference (hence the term SMART Conference). In late February we will teach a SMART Technology module.

This training material is geared toward helping missionaries manage and resolve common problems on their own since many of them won't have access to reliable repair services in third-world countries.

Other classes are available besides technology. Contact me to learn how your church can incorporate SMART classes at your next mission conference.

TERRY & BARBARA CHILDERS

*"Building Durable Missionaries
So They Keep on Going"*

February 2022

Dear Praying Friends:

With the first month of this New Year now behind us it is a stark reminder that time waits for no man. Our desire is that this will be another year in which we are fruitful and busy about our Father's business. My wife and I thank the Lord for blessing us with strength and good health, and, for the privilege God has given us to begin our thirty-sixth year in missions.

We are excited about some special things coming up in the next few weeks. First, we are excited at what God is doing in the life of Amber; we have known her since she was a young girl. It is a great blessing to see the godly woman she has become and how she has surrendered her life to serve the Lord as a missionary with BIO. She has done exceptionally well in raising her support and is now at the point of leaving family and friends for Jesus' sake. We look forward to attending a special service at the end of February as she will be commissioned and sent forth to serve in the Philippines.

We also look forward to meeting a young couple who have applied to be BIO missionaries to Zambia. We are scheduled to interview Eric and Mariah in March. Please pray for God's will to be done in their life. This is an answer to prayer as we have been asking the Lord of the harvest to send us more laborers.

We also are excited about a major article which our local newspaper recently published about BIO. It is available online by searching for Standard Banner Tools in God's Hand.

Finally brethren, thank you for praying and your financial support for us and our ministry. God has supplied our needs for these many years by faithful partners like you.

With thanks,

Terry + Barbara

The Childers
