Dr. Bill & Bonnie Blount

November 7, 2022

Dear Pastors and all who are supporting us in our efforts to reach the lost and encourage God's people.

Once again we say greetings to each of you in the precious name of the Lord Jesus Christ. We have prayed for you very often. We know that you all continuing on with church in the face of the great evil obstacles and difficulties that are working today is not easy. We have been praying especially for those pastors and churches that we try to keep in contact with.

Since our last prayer letter, many things have taken place. I have had the second knee replaced. Both knees are free of arthritic pain, but still stiff in their healing. I also had cancer that we thought we were rid of come back in my right eye. It became necessary for that eye to be removed. That was a very difficult decision but God hand led me through it. Praise God the next thing that I will see with my right eye will be heaven. The healing has been without incident. I soon will be fitted with a prosthetic eye. My wife Bonnie has also had two very serious falls. They were not so much because of her losing balance but rather losing footage. Whatever the case she is not able to get up and walk without help getting up. After she is up she is able to walk, though quite limited. She is scheduled for therapy to start soon to not only be able to get going on her own but also to be able to use her hands and do things normally. All of these matters have been very difficult to deal with. Time-consuming in every way. We are having to reach way down into the strength that only God gives us in our weakness. For me as an example, I never realized how hard it was to do the work of a housewife. I honestly don't know how they keep up.

We have continued to have a teaching ministry when possible as well as other places also. Standing to preach is gradually returning, but sitting has not been a great deterrent. We make a point of trying to witness to people every week. It is surprising how often we can witness through just simply starting a conversation. Because of dealing with medical issues we have been able to witness to several doctors as well as nurses or assistant personnel.

I don't know of any time in my ministry where I needed the support in prayer as we do in this time. We are recovering but nothing we do today seems to be fast or easy. However, we are still doing.

Prayer needs obviously include financial needs that we are facing because of the **insane inflation** that everyone is facing. We know that only God can bring us through this. But we also know that God has never, and I mean never failed.

It is so comforting and strengthening for us knowing that you are there, and we see evidence of you in the power to provide and the power to face discouragement and the power to see God work. We all know that we are in very wicked evil times. **OH HOW WE NEED REVIVAL.**

Bonnie and I want to express a special and deep appreciation for all of your support both in prayer and in financial support. Thank you so much and May God richly bless you all. We have seen such liberality from so many that my heart continues to be so deeply touched.

We praise God for the privilege of going on with Him, and with you.

In His Love And Service.
Bill and Bonnie Blount
