Good News! Much Was Accomplished!

The Move Was Successful!

Dear Faithful Supporter,

What an amazing couple of months God allowed us to have in

Mongolia! We landed on November 6th to a temperature of minus 14 degrees. It was the coldest fall in Mongolia since 1975. God allowed us to completely move the print shop into our 40 foot container. During all this we were also able to get much accomplished on the new building. We are working hard to make this new Building of Hope

usable for our printing ministry. We are so thankful for all your prayers and support. We could not minister in

Mongolia without faithful supporter like you. Mark 10:27 says, "With

men it is impossible, but not with God: for with God all things are possible."

Looking forward to seeing how God will provide for this extra special need.

We will be returning to Mongolia the second week of May 2023. This will give us time to raise the necessary funding to renovate the print shop. We will also work on the water

and sewer situation at that time. We were not able to work on these due to the extreme cold weather on this last trip.

The cold weather has also showed us that we need to add insulation to the roof of the Building of Hope.

Luke 14:28 says, "For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it?"

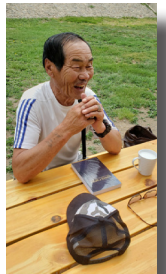

Looking to the Future!

As we renovate this Building of Hope, we are looking to the future. We are preparing for the

completed translation of the Mongolian Old Testament. We are working hard to be ready to print the complete Mongolian Bible. Lord willing this Bible will be ready to print within the next two years.

Mongolia needs God's Word.

Thank you so much for your faithful prayers and support.

Please continue to pray that the Mongolian people will receive God's Word and accept Him as their Saviour.

Update on the Sunday School Materials

In our last newsletter you will notice that we had completed the 78 volume of Sunday School teaching materials from Bible Visual International. We have now started the distribution of these sets of books. Our prayer is to be able to gift each church in Mongolia with a set of these wonderful Sunday School Material. To this date there have been 156 sets distributed to the churches all across Mongolia. Only time will tell of the great impact these books will have on the Mongolian Children. "But Jesus said, Suffer little children, and forbid them not, to come unto me: for of such is the kingdom of heaven." What a blessing to be part of this great endeavor.

A New Printing Opportunity

While in Mongolia this time we had a missionary friend of ours ask if we could print this book, *Stay in the Castle*, that had just been translated into the Mongolian language. We were so excited to be able to print this book on our new digital black and white press. It is wonderful to print good Gospel books for the Mongolians. Books like this one are so needed to aid in Christian growth.

We Need To Help!

We need to help our missionaries, pastors, churches, youth leaders, Bible colleges and Bible institute teachers with good solid Bible printing. There is such a great need for booklets, tracts, school curriculum and Gospel printing in both small and large quantities. This is a real need in the country of Mongolia. We here in America have libraries full of good gospel literature, but this is not the case in Mongolia.

God has blessed the Building of Hope with a beautiful new black and white digital press. You can see that it is busy even during our busy time of remodeling and moving into the new building.

We are very excited to see how God will make a way for the purchase of a high end full color digital press. A way to bring exciting color to covers and tracts on our short run projects.
