Missionaries to Latin America | BIO | Fires of Evangelism

2023 Year-to-Date Fires

Our Fires conferences are really beginning to "fire up". We had a directors meeting this month that was very profitable. It was in January that we had a great conference in Panama. In February there was a good conference in Monterrey, Mexico. Now, in April we have several conferences: Campeche, Mexico, and Santo Domingo, Ecuador, this next week. Then, another in Lima, Peru, the third week. There is also, a couple more of them in Mexico in the states of Chiapas and Guerrero. In May our Fires ministry will be having our second conference in San Jose, Costa Rica.

Prayer Needs

These are all opportunities for God to work marvelously in hearts and minds. Please invest in them with "pesos" or prayers or even both. You might want to help sponsor one of these conferences. Those conducted in South America are our most expensive conferences. Many times we want to bring more speakers but are extremely limited in funds. Pray about how God may want you to take the opportunity to help us, and then contact me to work out the details. We are praying for you that God will keep you faithful and fruitful.

Our son-in-law, Enrique, with our daughter Christina, their children, and the former pastor's wife, Elizabeth.

God of Opportunities

If we stop and think about it, God is an equal-opportunity God. For when He calls, whether to salvation or to ministry, He gives opportunities. He gives opportunity for repentance and faith. He gives opportunity to do His will and bless others.

God has been so gracious to us with opportunities of ministry. In January, we helped Sam Venegas and the church have their first faith-promise missions conference. The Lord blessed wonderfully. They were able to start their program off supporting five missionaries with first month of pledges at 109%!! In February, I preached to a good number of Spanish-speaking pastors with their wives in Georgia on Valentine's Day. Sweet time together. March was busy. God miraculously called our son-in-law, Enrique Coizeau, into the ministry and to become the pastor of the Hispanic Fundamental Baptist Church in Margate, Florida. We got to be a part of his ordination service, which was very special. Then, we participated in a Family conference at Grove City Baptist Church, Knoxville, TN. This is a Spanish ministry where Bro. Escobar and his wife have been so faithful for many years, and we appreciate their friendship.

Now in the last week of April, I will be conducting a revival meeting for a new Spanish-speaking work that started last year at the Bible Baptist Church of Grove City, Ohio. We are so excited for these folks.
