7. NUMEROUS OFFICE DAYS
8. MANY FOLKS SAVED
9. 300+ CLEAN UP DAYS ... NO JOKE!

Kyle Joe Hicks and Lisa Renee Hicks Missionaries to the Streets of Detroit, Jacksonville and Daytona Beach.

I am attempting to catch up on the correspondence that I could not get out during the COVID-19 Pandemic Shut Downs and the huge life changing issues and a FLOOD that hit Miss Lisa and I and our Street Ministry which has changed our lives and Ministry forever.

“A GLORIOUS DISASTER” Is how I have often described our ministry as in, there is something so GREAT about our Ministry but the Streets are so terrible that it defies description! And that is also how I would describe the Winter of 2020 through the entire year of 2021 and into January of 2022 when my Father in Law Brother Claude Gilbert passed away.

We were tasked by the City Elders of Garden City Michigan with cleaning up my Father in Laws old house where Lisa grew up. Brother Claude had moved out of that house into an assisted living facility, and I was cleaning the yard of my Chiropractor and building a huge sign for her as well.

We were deep into our Street Ministry with feeding, Street Preaching, and delivering tons of goods during the Winter of 2020 – 2021 and we were having great success. Brother Curt Hamilton was an unbelievably good helper to us and we were delivering huge loads of goods to the Streets and the “Squat Houses” which are semi functional places where Homeless people and addicts “Squat.”

SALT IN THE EYES & THE SALT OF THE EARTH- JANUARY 2021- Anyone who know our ministry knows it's a BIG MESS! We literally have tons of clothing and food that comes in and the mixture of Summer and Winter clothing has always slowed us down. But it's all about OPTICS.

In Mid-January 2021 we over flowed our 3 rooms in the Churches basement and were into 5 rooms plus I had a pew in the Churches basement haul lined with more clothing items. Well using the phrase that our Ministry was **“Salt in the Eyes”** to some folks who really are **“The Salt of the Earth”** is real.

Years before I warned folks that one day our Winter clothing **“TSUNAMI”** would become an offence to their **“VISION”** for me and just as the frigid weather of January 2021 hit I was told to not bring more into the basement.

INDEED Clearly "Brother Joe" here was at fault and the success of my constant promoting ran me right out of the building! But after 30 years of being the that parking lot, and numerous times in and out of the Annex building across the street, which our ministry actually saved from tax foreclosure years before, I had to make a decision for our mutual sanity that it was time to go! I TAKE THE BLAME and all the stuff I had fought and promoted so hard to get had literally become "SALT IN THE EYES", it was a very painful departure for me but it was time.

1 OPERATION DUMPSTER FIRE- The name was fitting as I rented yet another Dumpster dumped tons of trash and burned so much card board and pallet boards. Plus, for almost 3 decades I have had the corner of an old diesel truck garage lot rented that had since become a DUMPSTER BUSINESS No Joke! So in a move of absolute reckless abandon, I took a leap of faith and moved most of our trailers and vehicles a ½ block away behind a fence and things got as graveyard quite as that frozen parking lot was because the OPTICS were finally hidden and the "SALT IN THE EYES" was gone!

It took us months of cleaning to get everything out of the basement, I tell people we had a Walmart Store worth of stuff which most had come in that Fall and Winter to move.

2. OPERATION MOVING FORWARD- I rented multiple storage units to get our clothing items out of everyone's eye site and between our trailers on the Lot and the storage units we at least could keep the ministry going as we cleaned Lisa's Dad's old house, Chiropractors property and the Churches basement.

3. STREET MINISTRY- We kept going full bore unloading the Church basement and taking the new clothing out on the Streets delivering larger and larger loads. Thinking back, I'm STUNNED what all we got out on the Streets during the same time we were in the midst of 3 huge clean ups!

4. BIKEWEEK 2021- Miss Lisa and I went on another of our "WORK-CATIONS" where we both preach to the Bikers and Vacation too. Bike Week 2021 was still an "Un-Official" event due to COVID-19 restrictions but the crowds were still there and the Street Preaching was a blast.

We stopped to see our Pastor friend Brother David Peacock and Miss Drina and in his office after service he made the comment after looking at Miss Lisa and I, "What I see is a couple of tired old Horses" he was not being insulting he could see that we were absolutely exhausted. Only God knows how long and hard we have worked in this ministry but we were at a whole new work limit and it was only going to get WORSE FAR WORSE!

5. SPRING CLEAN- I finished the clean up at the Chiropractor Ladies property and I was worried because I had not even seen her since late the Summer before but it turns out she was O.K.

We had a young man named Daniel Ewald just show up and told us he wanted to be our new helper! He was waiting for a heart for his Heart Replacement Surgery -No Joke- He scared me to death every time he picked up anything but strangely enough he kept getting stronger, Daniel is the son of Mike and Vickie Ewald long time friends from the old days at Prayer Baptist Church.

Brother Richard Rich the Associate Pastor of the Fairhaven Baptist Church introduced us to Rick and Jan O'Brien who own the ANCHOR REAL ESTATE and they came in and took over the clean up and held a Estate Sale for my Father in Law. Sister Jan took Miss Lisa by the hands looked her deep in her eyes and said to Lisa, "YOUR DONE!" which took months of hard work and responsibility off of Miss Lisa, They were absolute miracles for us!

www.brotherjoesyouthandstreetministry.com

6. MARY SHEFFIELD'S OCCUPY THE CORNER- BICYCLE GIVE AWAY EVENT- May/29/2021- Right after Rick and Jan O'Brien finished with the Estate sale they came on board to help us in helping Detroit City Council President Mary Sheffield at another of her events. Then Mike Ewald bought Gordon Food cards for the chips and snacks for us and he also came to the event to help, Daniel had brought Josiah Sammons down to help with both the basement clean out and at Mary Sheffield's event the next day. Curt Hamilton started grilling Hot Dogs early and I just can't explain all the work that was done by our 8 workers, IT WAS GREAT and we were all tired by the end of the day!

7. WORD FOR THE WORLD CANDIDATE SCHOOL- Miss Lisa and I went down to Chattanooga Tennessee on the very first trip we had traveled unrestricted from the whole COVID 19 thing. It was weird it was a thing called "FREEDOM" which we have all taken for granted. We went to the evening meetings, helped to clean I was allowed to sing and heard Brother Charlie Andrews preach it was a good meeting!

8. DISASTEROUS FLOOD- On our way home our next-door neighbor Linda Thithian called to warn us of a flood that was happening. We had a Back Water Valve put in back in 2010 during our last flood so we knew we were safe. But alas we had another basement flood. We were so close to having the Church Basement cleaned out then our house basement was flooded.

We had an older crew adults come and yanked out our carpet, drywall. I rented yet another dumpster and it was Operation Dumpster Fire being continued. It took weeks but we were finally able to get a young crew to come in and work on the basement which turned into a real melodrama because there was a shortage in building supplies because of the COVID shutdowns.

My basement office, computer everything, gone!

9. BROTHER JOE'S 45th ANNIVERSARY STREET CONCERT/DINNER- Paul Palazolo President of the Vietnam Veterans Chapter 9 allowed us to use their old lot at Woodward Ave and Temple to hold my 45th Open Air Anniversary Concert, where we fed Homeless folks too. As I predicted there was Curt, Daniel, Josiah, Miss Lisa and myself that attended and then the folks who came by to get food, clothing. But I was in my beloved Cass Corridor and on July/17/2021 that made for 45 years of ministry in Detroit.

10. MARY SHEFFIELD'S BACK TO SCHOOL EVENT- We received donations from Pastor Stephen Clark at the 1st Baptist Church in Hazel Park and a \$500.00 gift card from the Christ Lutheran Church in Milford Michigan plus the left-over snacks from Brother Mike Ewald. I had to be "unofficially" involved because I was being attacked by a Woke Virtue broadcasting man on the internet as was Mary Sheffield because the event was held at a Boys and Girls club... unreal! It was a great event thank you Daniel Ewald for your help!

11. BETWEEN MIDNIGHT AND MORNING- I bought a trailer at 4:30 p.m. up in Metamora Michigan, drove it home back to Garden City, heated Hot Dogs, Miss Lisa and I met Curt Hamilton to feed. Exactly at Midnight we saw the trailer, by the next morning it had been stolen! Thank you to Sister Karen Bashista and family for helping with the purchase of that trailer and others.

12. THE SHED- Brother Daniel Ewald showed his expertise in building a large shed for our ministry, Josiah Sammons was his helper, and Sherrill Adkins and Miss Lisa provided money and gift cards to pay for the beautiful shed. Oddest thing ever, as unceremoniously as Daniel Ewald came to help he ended up leaving and going back to work because God healed his heart! He is back to driving trucks and is 100% back in the clear, THANK YOU DANIEL for all your help!

www.brotherjoesyouthandstreetministry.com

13. BIKETOBERFEST 2021- Lisa and I wrote a song called "Between Midnight And Morning." about the trailer theft that happened on Sept/11/2021. The next day we joined the Bible Believers Baptist Church in Jacksonville, Florida where Brother David Peacock is Pastor. He is a former Police Capitan his experience on the Streets is second to none. Our ministry is still in Detroit but Brother Peacock is the preacher that years ago gave Miss Lisa and I the direction that we needed to be on and for lack of better words Brother David "Get's me" because of his working with the hardcore crime element like we do all the time.

We returned to Daytona for Biketoberfest, while in Daytona we ended up on T.V. back in Detroit again about the trailer being stolen, THANK YOU Shawn Ley and Channel 4 News Detroit. I had a whole bunch of people GET VERY at the thieves who stole our trailer. THANK You to Greyson Story for the money to buy more trailers, in all I bought 3 huge trailers and had huge trailer huge trailer repaired for me by Pastor Jeremy Evans and the Bible Believers Baptist Church in Tawas Mi. Pastor Tim Lambert and the Secord Baptist Church, Pastor Paul Heaton and the Bible Baptist Church in Lupton Michigan and Pastor Mike Ragan at the Bible Believers Church in in South Lyon. And later Brother Curt Hamilton and family bought us another trailer. Now unfortunately the Diesel Garage gone Dumpster Business decided to rent my spot out from underneath me and we have some of our trailers at the "Lucky Dog" dog day care in Garden City, Mi. and too many trailers and vehicles still at the Lot.

14. OPERATION TRANSYLVANIA & OPERATION SIDEWALK CELEBRATIONS- We tried to put BOOTS on all of our folks in the "Uptown Transylvania Area 51 District" a modern-day Sodom and Gomorah. Special thanks to the S.S.E.O. Corp Troy Michigan via Mike and Laura Hicks and Keith and Susan Ingerman. Thank you to Brother Sam Combs and the Calvary Baptist Carsonville, Pastor Steven Schag, Calvary Baptist Church Shelby Ohio. The Charity Baptist Church in Brownstown Mi, Pastor Wayne Halleck, Sister Dawn Wyrbkowski, Dan Popchok and Christie Porter and the Dollar General Lake Orion, Pastor Rich Zawadzki and the Loomis Park Baptist Church, Pastor Adam Summers and the Faith Baptist Church in Chelsea and Sister Barb Barker, and so may more. We held 6 of the "SIDEWALK CELEBRATION PARTIES TOTAL" It was so good! Thank you also to Sister Marla Stevens her Plexus group and folks from the Rochester Hills Baptist Church for collecting hundreds of pairs of BOOTS also!

"SALT IN THE EYES" has been a very Bitter Pill for me to swallow, if I could redo the past few decades of "Junking up" a Churches Parking Lot, Annex and Basement I would. The feelings of "Being in the way" and now being essentially a Pastoring a "HOMELESS, Homeless Ministry both hurts my tender heart and makes me MAD because all it slows our ability to help folks on the Streets!

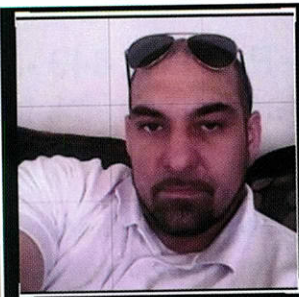

I have now had numerous Detroit area Churches offer me their buildings and parking lots but I have told everybody "No" so far because that's a recipe for disaster recreating problem, ME! It just is not "fair" for me to "JUNK" a Church up. One FENCE to hide things could have worked for some but not for everybody. So our lives and ministry has been forever changed, I will take ALL the blame myself!

We are still Missionaries on the Streets of Detroit Michigan and Lord willing I'll be 62 on March/16/2023 and this July/17/2023 will start my 47th year of Youth and Street Ministry in Detroit, Michigan. Brother David Peacock at the Bible Believers Baptist Church in Jacksonville Florida is our Pastor now. Our Mission Board is still Word for the World Baptist Missions.
