

Church

The church in Eldorado has been doing well and people have been coming to the Lord. Leisyane, a young mother who was addicted to drugs, accepted the Lord as her savior. During our Thanksgiving service, she gave her testimony of how God saved her and is helping her overcome the drugs and struggles of her old life.

October 12, Children's Day.

We had an outreach event for the neighborhood children, many children attended, but the great blessing is that some parents came for the final service and - by hearing the Word of God - were moved to start coming to church with their kids. We are now working with these parents to bring them to Christ.

We have a great need for teachers, so Zirlene is leading a Sunday School teacher training course so that we can better care for all the children who have been coming. We also need to add two classrooms, a kitchen, and a fellowship hall to better accommodate the growing church body. Please pray for this project and consider helping, if you can.

Thank You!

As the year come to an end and we reflect on the struggles and victories, we are reminded that God has been using teamwork to get His work done. If it were not for **you** as **churches** and **individuals** backing us up in **prayer** and **finances**, we would surely fail. So, **THANK YOU so much for your faithfulness.**

God has used the trials and victories of this year to mold both us and the ministry for His glory. **Our prayer** is that all of our efforts to spread His light to the people of Brazil will bear fruit in His time.

A **special Thanks** for the **Christmas Love Offerings** some of you have sent. The timing was great as we have some needs that now can be met. **May God bless you.**

Camp

We have set our 2024 camp schedule for which we are both excited and awestruck by all that the next year holds.

We have many preparations to make before Family Camp which is our first and the largest camp of the year. This camp will be at the beginning of February and there is so much to plan for. Besides this, we have had several things break down around the camp property and need some costly repairs to ensure everything is ready for camp. Please pray that the financial needs may be met for this.

Our theme for our 2024 camps is: **"...but GOD"**. We know that the world seems to be crumbling around us, **but God** is in control of our lives. Please pray for the camps this coming year and that the Word of God may touch the hearts of all who come.

Family

We praise the Lord that we are all in good health. Stanley and Kevin are doing well in college, but we miss them a lot, especially during this time at the end of the year.

Pray for:

- Salvation of souls
- Growth of new converts
- Church building project
- Family Camp
- Repairs and maintenance for Camp
