

Dear Co-Laborers,

Heb.12:2 "Looking unto Jesus the author and finisher of our faith".....Psalms 62:6 "He ONLY is my rock and my salvation".... In this sinking world we still retain our Rock of Salvation! Our neighboring country of Argentina just placed extreme control on their northern border with Bolivia, because Bolivia has at least seven hundred Iranians from the military Qud force branch living in Bolivia with bolivian passports. etc. Most of these Iranians are here in the city of Santa Cruz and I believe some are living in our neighborhood!

Bolivia is totally in step with China, Russia, and Iran, along with all the communist dictatorships of Latin America.

While visiting recently our rural church in The Olives, we were greatly encouraged to see most of the believers growing spiritually, although with many trials along with a record drought in most of the eastern side of Bolivia that has left these poor farming communities with no cash crops this year which is generally their only means of subsistence.

We had our annual youth retreat in January where most of our young people participated. One of these young teens, Nickol from The Olives, is the granddaughter of sister Nicanora Galarza, this was first time at any camp and she was overwhelmed by this experience.

We are starting a building project in the

Tierras Nuevas Church. The building is not only in bad shape. but also small for the current number of believers that attend.

Fernando Lozada and family, who was the former youth pastor of Calvary Baptist church came to visit us here in Bolivia. He continues to serve our Lord pastoring an hispanic church in southern Florida. It brings joy to our hearts to see Fernando who started out with us as a pre-teen in Calvary Baptist church some thirty years ago and continues in the ministry all

these years.

Please pray for brother Enrique .. from the Roca de Horeb congregation who has been diagnosed with tuberculosis and has only the church family

to help with his many needs.

On a personal note, we hope that Lord willing in June we will be traveling to Brazil for medical check ups. The healthcare in Brazil is much better than in Bolivia and not nearly as expensive as in the U.S.

Thank you once again for allowing the Brooks family to be an extension of your ministry on this side of the globe.

### ABOUT BOLIVIA

Bolivia covers an area of 125,000 square miles, the western third of which is covered by the Andes Mountains, giving Bolivia an elevation range from 361 feet to 21,463 feet, and has a population of 11,000,000. It has one of the lowest per-capita incomes of any nation in the Americas. Rural houses are of adobe or earth construction and facilities are primitive or non-existent.

"To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God..."  
Acts 26:18
