Missionaries to Latin America | BIO | Fires of Evangelism

2025 Year-to-Date Fires

PM Service in Venezuela

Concerning Fires conferences, 65 pastors attended in Campeche, Mexico. In Venezuela, over 1000 people were present for evening services and by the

conference end 143 brethren surrendered for full-time service. In San Cristobal de las Casas, Mexico, almost 500 folks attended each night. The three conferences combined resulted in more than 480 people trusting Christ as Savior. We are so very grateful for God's presence, mercy, and wonderful working in hearts. This month of June, we also had conferences in Ontario, CA and Bartlett, IL. In Bartlett, I got to speak and translate seven times. There was real moving of hearts toward the Word of God during the week.

Prayer Needs

Please pray that God will supply the funds for Pastor Gallo to go back to Bamenó. To travel on the river could take him 5 days. He could fly there in an hour or so, which would be the better option, but planes are more costly. Pray for coming conferences in Belize and Dominican Republic in July. The biggest Mexican conference will be in Oaxaca, Mexico, the first week of August.

Pray that God will give me what I need to teach teachers at Fires of Evangelism Bible College in August. Pray that God will guide me to which week(s) I should teach at the Global Bible University in Nicaragua in the near future. ALSO, continue to pray for other vehicle to be replaced as God decides, and for a heart test that I will have on July 7th.

"The Providence of God"

Hiking through Amazon jungle

Barnhouse specifically asked me about somebody that might have a ministry to unreached people groups in Latin America. Immediately, the name Victor Gallo came to mind which I gave to Bro. Barnhouse. He was surprised and stated that I was the second person to mention the Gallo name to him.

God was already at a preachers' meeting on February 18 that I attended here in Knoxville, TN. Although I had planned to be there only for the messages and then leave, our awesome Lord had His plan. God used a Spanish-speaking pastor that attended the same meeting and a conversation with my wife to move me to not skip out after the preaching, but to stay for lunch. That decision put God in motion for what He had planned. At the lunch, I met and chatted with Pastor Shumate and Pastor Barnhouse.

With leaders at chief guest house - Bamenó

This then resulted in a video conference call between the four of us the next week. After numerous communications and analysis, Bro. Shumate

Praying at Palm Beach

decided that a trip to Ecuador needed to be made in May. I was asked to come along as interpreter. Heading to Ecuador on May 3, I spent the next nine days traveling with Bro. Shumate across the central and eastern region of Ecuador, much of the time going in and out of the Amazon jungle. WHAT AN AMAZING EXPERIENCE!! We traveled to ten different jungle communities. Five of these do have some type of gospel ministry currently occurring but with needs. The other five have NO gospel witness.
