### How Do Two Missionaries in Latin America End Up Headed to Ethiopia?

The answer is simple: because the need is great!

From our youth, we were captivated by Ethiopia's rich spiritual heritage. Yet, many pastors lack training, churches struggle for resources, and false teaching spreads confusion. The hunger for God's Word is real... but so is the urgent need for equipped leaders. In fact, we once prayed about going there as Missionaries!

And then, unexpectedly, came an invitation we could not ignore: "Bro. Jeff, please come to Ethiopia!" Those words from our brother Berhanu Yoseph confirmed the Lord's open door.

So, on October 15th, we will travel to Ethiopia for two weeks of preaching, teaching, and training pastors. What an honor... and a responsibility... to invest in leaders who will carry the **gospel** to their own people for years to come.

### How You Can Pray

Above all, we invite you to join us in prayer!

- **That God will be glorified** and Christ exalted.
- That the **gospel will be clear and bold**.
- That pastors and believers will be strengthened in their faith.
- That our investment of time, energy, and resources will be fruitful.
- For health, stamina, and safety in travel.
- For God's provision in this costly undertaking.

Our heart is to make a lasting impact as we train men and women who will rob the coffers of Hell and populate Heaven with souls saved by Christ.

### How You Can Help

This trip is a significant step of faith, requiring prayer, resources, and commitment. If God leads you to help on this journey, gifts may be sent through Baptist International Outreach, by scanning the QR code, or by contacting us directly. Every prayer, every gift, and every word of encouragement is an investment in eternal fruit.

Thank you for standing with us. Your partnership enables us to say "yes" when the Lord calls and opens doors. We are humbled and grateful to serve alongside you in the Great Commission.
