

December 2025

We have been blessed with another baby girl! Thank you for your prayers as we waited on her arrival. Elianna Esperanza was born on November 4th. Everything went well and we are settling in great to our new life with three girls. Sofia and Rosie are in love with their baby sister and are adjusting well to having another sibling. Please pray for Amber as she tries to get sleep throughout the next few months.

We'd like to wish you all a belated Happy Thanksgiving. We had a very laid-back celebration since we were still in the fog of the newborn phase. They do sell turkey here, but it is more expensive and although we are a growing family most of us are still quite small, so it would be a bit much for our family. We made and ate some other good food, and Rosie discovered pickles which she was very thankful for. We played a game later in the day, where the girls would name things that they are thankful for from different categories (a person you are thankful for, something about God you're thankful for, a toy you are thankful for and so on). Rosie's answer to all of the questions? Pickles!!

After a brief time of helping Amber around the house after the delivery, I am excited to be getting back to focusing on outreach. We are planning some Christmas-specific outreach, and we also have a lot of regular church invites to hand out. The rest of the family has been able to help some with that. Last Thursday was the first time all five of us hit the streets together, and we were reminded what a blessing children are when it comes to breaking the ice with people. Sofia will all but chase people down on the sidewalk to give them an invitation. We could all learn something from her. It is a joy to be able to devote more time to ministry now, and to have an entire family who is excited about it. God is so good. May He bless each of you as you serve Him.

Elianna Esperanza Garcia
