*"Building Durable Missionaries
So They Keep on Going"*

Dear Praying Friends:

December 2025

As 2025 draws to a close, we are grateful for our Lord's constant presence with us and how He faithfully provides each and every day of our life. We are thankful also for how He kept us safe during recent ministry trips to North Carolina, Florida, Ohio and numerous points in between. It is a blessing to see how He gives us the physical health and ability to continue serving in missions.

Since we last wrote we had the opportunity to represent BIO at a Bible college during their mission's emphasis week. We made several good connections with students who are training for the ministry, especially those who are moving along the pathway that leads to missionary service.

The BIO Fall Conference in November allowed us the opportunity to spend three days with missionary colleagues, pastors and friends. This year was extra special because BIO celebrated forty years since it was first founded. It was a blessing to hear testimonies from several former missionaries who came. Special awards were presented to those who have served with BIO for forty years, thirty years and twenty years. We are certainly thankful for God's great blessings to us throughout the years. In our Executive Council meeting we approved two couples and one single lady to serve as missionaries.

Another special blessing was the opportunity to participate in the commissioning service of a young missionary family at their sending church; they will soon move to the mission field of Zambia. It has been a joy to help them during their three years of deputation and to watch them grow. We are excited for them as they go to live among the people to whom God has called them to serve.

Please continue praying for the Runda Baptist Church building project in Nairobi. The main structure and most of the exterior work is complete; however progress has slowed down on the interior finishing and furnishings as they wait on the Lord to provide the remaining finances. Our plan was to travel to the dedication service in the spring; however, it now looks like things won't be ready until late 2026.

We say thank you to all who support our ministry through prayer and financial donations; your faithful partnership is a channel through which the Lord sustains us. Our years of serving as missionaries have been a most rewarding experience.

With thanks,

Terry + Barbara
