Missionaries to Latin America | BIO | Fires of Evangelism

Returning Routes

Being my health and strength has improved, God is giving me opportunities to travel and minister. I will be going to Bogota, COLOMBIA, at the end of this month. In March, I travel to the home base of Fires in Bartlett, Illinois, to teach in the college there. At the end of March, Robin travels with me to the First Baptist Church in Florida for their missions emphasis month. Then we will stay in the area to speak the first Sunday of April at West Gate Baptist Church for the 25th anniversary of the Spanish ministry that we started there in 2001.

Prayer Needs

Please continue to pray for Alejandro Cordova's family. He finished his battle for the Lord and his battle against cancer, passing on to the presence of His wonderful Lord this morning. Please pray for the wife of our pilot, Danny Lopez, in Ecuador. Her name is Erica. Danny took me, Pastor Shumate and his two men into the Amazon jungle several times back in May. Unfortunately, Danny had a plane crash a couple of weeks ago and died, along with two other men. Our understanding is that Danny had accepted Christ as Saviour a few months ago and was quite serious about his faith. Ahh, this is the work of the gospel!

Pastor Córdoba of Celava, MEX

"Done, But More to Do"

We are so thankful to the Lord for His mercies and His working in our lives. The Lord allowed Fires of Evangelism to conduct 23 conferences in 15 countries in 2025. Over 1500 pastors, leaders and Christian workers received instruction and training. There were over 2500 salvation decisions with 551 brethren that surrendered to work for the Lord in full-time service.

As we rejoice in the Lord and the good accomplished, we are still reminded by Proverbs 29:18 - "Where there is no vision the people perish." What will God do this year? How does God prepare and use us to advance the gospel and prepare workers? What new doors will open through which we need to walk for His glory?

So far, Fires has conducted two conferences: one in January in Panama, the other in February in Paraguay. What happened in Paraguay needs to be noted. There were over 300 salvation decisions that week with 46 folks following the Lord in baptism. For full-time service 25 brethren said, "Here am I, Lord, use me." God is so awesome! Please pray that God will continue to grow our vision, expand our opportunities, and provide for our needs.

We have one more conference in February. It will be in Lima, PERU. Our scheduled conference in March in VENEZUELA has been cancelled until next year because of the current situation there. In April, we have conferences in Campeche, MEXICO and in Riobamba, ECUADOR.
