June 2026 Prayer Letter

Dear Prayer Warriors,

During the month of June, we continued to adjust back to life in México while we searched for a meeting place for our church. We began the month looking for potential parks to meet at while waiting for rental properties to become available. We had found a park that offered covered seating (to protect against the sun and the rain), and I reached out to the administration in that neighborhood to see if we could use that park as a temporary meeting place. Unfortunately, they told us that we would be limited in our ability to promote a Bible study or a church there, and they laid out a somewhat unclear application process to have any sort of regular meeting there.

As we found this out, our realtor informed us that she had come across a space that was in our budget and willing to rent to a church. We looked at the place and decided to move forward with the rental process. When I went to put down the deposit on the place, I was informed that the property owner had changed their rental requirements. We did our best to quickly comply with those changes, but they found another interested renter very quickly (even though they were not supposed to continue advertising the property for rent after we had paid the security deposit). We were quite disappointed that that property fell through, although we are very grateful that our full deposit was returned to us.

At the end of the month, our realtor found another place that is more spacious than the property we had first tried for. There is still some work to be done in finishing the floor and putting in some plumbing and electrical installations, but the landlord is confident he can have that done within 2 or 3 weeks. We have put a deposit down and should be able to keep an eye on the construction progress over the next couple of weeks. Please join us in praying for the safety of those working on the building, that God would grant us wisdom through this process, and that we would have a meeting place for our church soon.

In Christ's service,

Tim Pontius
Missionary to México with BIM!
